Theoretical Analysis and Experimental Verification of Polytetrafluoroethylene Surface Flashover from Electrostatic Electromagnetic Pulse Field

by Yan Zhang, Xin Zhao, Hsiung-Cheng Lin, Xianghu Ge, and Lu Zhang

On page 2339, Acknowledgments should be added after 5. Conclusions as follows.

“This study was financially supported by the Natural Science Foundation of Hebei Province (Grant Number E2019208443) and Scientific Research Program of Higher Education in Hebei Province (Grant Number ZD2021202)”.
