

**SPECIAL ISSUE ON THE INTERNATIONAL MULTI-CONFERENCE ON ENGINEERING
AND TECHNOLOGY INNOVATION 2016 (IMETI2016) (1)**

PREFACE

This Special Issue presents 28 papers selected from the proceedings of the 6th International Multi-Conference on Engineering and Technology Innovation 2016 (IMETI 2016), which was held from October 28 – November 1, 2016, in Taichung, Taiwan. The articles in this Special Issue focus on new technologies and applications for sensors and their applications in industry and daily life, including fundamental studies, industrial practices, and engineering innovations by applying sensor technologies. All of the articles underwent a rigorous peer-review.

Acceptance into this Special Issue was based on the reviewers' recommendation, mandatory revisions, and final examination by the Guest Editor. This Special Issue is expected to become an impact issue to sensor technologies.

I thank all the authors who have contributed their original work to this issue. Moreover, I would like to express my deepest thanks to the reviewers for taking the time to comment on the papers. Special thanks must be given to the Editor-in-Chief, Prof. Makoto Ishida and Ms. Misako Sakano, Editorial Department of MYU K.K., for their kind and proficient support in the publication of this Special Issue.

Wen-Hsiang Hsieh
